Smart Latte Coffee Printer - Create Stunning Drink Art with Edible Ink Printing

The Smart Latte Coffee Printer is a high-performance machine designed for printing vivid, custom images directly onto the surface of beverages and desserts. Whether you're personalizing a latte with a customer's photo, adding a festive message on a cappuccino, or branding drinks with your logo, this printer transforms each cup into an unforgettable experience.

Built with advanced inkjet technology and a reliable HP printhead, the printer uses edible CMYK food ink to produce sharp, colorful images on coffee, milk, milkshakes, and even edible items like cookies and small cakes. The intuitive software interface makes it easy to upload, edit, and print designs quickly—perfect for fast-paced coffee shops, restaurants, and dessert bars.

This compact and lightweight machine integrates seamlessly into your workflow, requiring minimal space while delivering maximum creativity. With automatic height adjustment and infrared sensors, it accommodates various cup sizes and food surfaces for precise, smudge-free results.

Ideal for businesses focused on customer interaction and creative product presentation, the Smart Latte Coffee Printer delivers exceptional visual impact with every cup—perfect for social media engagement, customer loyalty, and unique branding.

Key Features:

- **Edible Ink Printing:** Uses food-grade CMYK ink for safe, vibrant image printing on drinks and desserts.
- **Smart Height Adjustment:** Equipped with an automatic infrared height detection system for accurate image placement on various surfaces.
- **Quick Print Time:** Prints an image in just 10–20 seconds per cup—ideal for high-traffic cafés and restaurants.
- **User-Friendly Software:** Built-in software supports image import, resizing, editing, and printing directly from your Windows PC.
- **Wide Application:** Perfect for coffee, milk, milkshakes, chocolate, cookies, small cakes, and more.
- **Compact Design:** Lightweight and easy to operate, saving space while enhancing your product presentation.

Specifications:

- **Model:** GF111E
- **Printing Technology:** Inkjet

-
- Printhead: HP Original Printhead
 - Ink Type: Edible food-grade ink (CMYK)
 - Printing Speed: 10-20 seconds per item
 - Printable Height: 0-18 cm
 - Max Print Area: 11 x 11 cm
 - Power Consumption: 10W
 - Ink Supply System: Dual cartridges (1 black ink, 1 for CMY)
 - Software Compatibility: Built-in control software compatible with Windows XP/7/8/10
 - Height Adjustment: Fully automatic with infrared sensor detection
 - Machine Weight: 10 kg
