## **A3 DTG Printer - High-Definition Direct-to-Garment Printing for Custom Apparel**

The A3 DTG Printer is a professional-grade direct-to-garment solution designed to deliver high-resolution, full-color prints directly onto a wide range of fabrics. Whether you're customizing T-shirts, hoodies, tote bags, or other cotton and polyester-based garments, this printer ensures vibrant, long-lasting results that elevate your brand and delight your customers.

Powered by advanced inkjet technology, the A3 DTG Printer supports both white and color ink printing—simultaneously or separately—making it ideal for printing on both light and dark garments with precision. With smart features like auto-height adjustment, bidirectional printing, and intelligent ink droplet control, this printer guarantees sharp, clean prints that maintain excellent detail and color accuracy.

Perfect for small to medium-sized print businesses, startups, or promotional brands, this DTG printer is engineered for speed, efficiency, and ease of use. Its compact yet robust design fits easily into most workspaces, and its intuitive software ensures a smooth workflow from design to finished product.

---

### **Key Features:**

- Full-Automatic DTG Printing: Automated tray height and movement adjustments for precise garment positioning and print accuracy.
- High-Quality Output: Sharp, vivid, and true-to-life prints using textile ink with support for CMYK + White or CMYK + LC/LM.
- Dual Printhead Options:
  - Standard: Epson L805 head
  - Advanced: XP600 head (Model GF60G3) - double the speed of L805 version
- Vacuum Platform: Ensures fabric stability and smooth prints with a 31 x 43 cm printer tray.
- Large Printing Area: Max print size of 297 x 420 mm (A3 size).
- Smart Ink System: Continuous Ink Supply System (CISS) with white ink stirring to prevent clogging and ensure smooth flow.
- Efficient Cooling: Water cooling system with a large pump to maintain stable operation during continuous printing.
- User-Friendly Operation: Simple software interface with Acro RIP 10.3, compatible with Windows 7-11.
- Durable & Portable: Compact design with industrial build quality for long-term reliability.

---

## Specifications:

- Model Number: GF85G3 (Standard) / GF60G3 (High-Speed XP600 Head)
- Ink Type: Textile Ink - CMYK + W W or CMYK + LC LM
- Print Size: Max. 297 x 420 mm (A3)
- Printer Tray: 31 x 43 cm Vacuum Platform
- Print Thickness Support: 0-69 mm
- Print Speed: Approx. 173 seconds per A3-size photo image
- Ink System: CISS with White Ink Stirring
- Cooling System: Water-cooled with high-capacity pump
- Print Technology: Smart bidirectional printing, auto nozzle check & cleaning
- Software: Acro RIP 10.3
- Supported Formats: TIFF, BMP, PDF, EPS, JPEG, JPG
- Connectivity: USB 2.0 / 1.1 / 3.0
- Power Supply: 110V/220V, ~60W
- System Compatibility: Windows 7-11
- Printer Weight: 43 kg (62 kg with packaging)
- Printer Size: 76 x 63 x 51 cm
- Package Size: 83 x 58 x 69 cm
- Working Conditions: Temperature: 15°C-30°C | Humidity: 40%-70%
