

A3 Edible Food Printer For Printing Cakes Cookies**\$2200-2900**

A3 Edible Food Printer – Professional Printing on Cakes, Cookies, and Other Edible Products

The A3 Edible Food Printer is a game-changing tool for bakeries, cake shops, and confectionery businesses looking to create customized designs, logos, and artwork on cakes, cookies, pastries, and other edible items. Utilizing food-safe inks, this printer allows you to print high-resolution, full-color images directly onto the surface of your baked goods, transforming them into personalized and visually stunning creations.

Whether you're adding birthday messages, intricate patterns, company logos, or festive designs for special occasions, the A3 Edible Food Printer delivers crisp, vibrant, and detailed prints that make every dessert or pastry stand out. The printer's large A3 printing size offers flexibility for larger cakes, multi-layered designs, and larger cookie batches, without sacrificing detail or creativity.

Built for efficiency and ease of use, this printer is perfect for bakeries and small businesses wanting to offer unique custom products to their customers. Its intuitive interface and quick printing capabilities ensure that you can meet high demand without compromising on quality. With edible ink that dries quickly, your creations retain their visual appeal while remaining safe and delicious.

Take your bakery business to the next level by adding a personal touch to your creations with the A3 Edible Food Printer, perfect for making eye-catching, custom-decorated desserts that will leave a lasting impression.

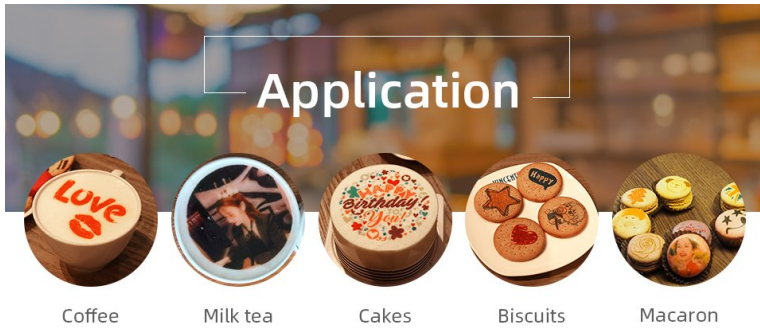

Specifications:

- Model Number: GF139E
- Ink Type: Textile Ink
- Printer Head: EPSON 1390/1430/1500W Printer Head
- Ink Color: C M Y K + LC LM Food Ink
- Printer Tray Size: 33cm x 50cm
- Print Thickness: Flat: 0-20cm
- Advantages:
 - High resolution and precise positioning
 - Fully automatic adjustment for print height
 - Smart bidirectional printing, auto nozzle checking, auto nozzle cleaning system

- Smart ink droplet size
- Protection: Fully automatic tray height adjustment and easy head protection
- Height Adjustment: Fully automatic
- Print Speed: Approximately 173 seconds for an A3 size photo image
- Print Weight: 0-5kg
- Ink Assistant: Continuous Ink Supply System (CISS), Ink Tank
- Cooling System: Water cooling system with a large pump
- Working Conditions:
 - Temperature: 20°C-30°C
 - Humidity: 40%-70%
- Print Software: Acro RIP 9
- Connection: USB2.0/1.1/3.0 Port
- Power Requirement: 110/220V, Approximately 60W
- Image Format: TIFF (RGB & CMYK), BMP, PDF, EPS, JPEG, JPG, etc.
- Computer System: Windows XP, 7, 8, 10
- Printer Weight: 50kg (83kg with packaging)
- Printer Size: 85*63*58cm
- Package Size: 92*69*64cm
