4 Cups Coffee Printer Selfie Photo Food Printer $980-1200

4-Cups Coffee Printer – Turn Selfies into Edible Art!

Enhance your café, restaurant, or event with the 4-Cups Coffee Printer, a revolutionary device that transforms beverages like coffee, milk tea, and even cakes into personalized edible masterpieces. Whether you want to print selfies, logos, or unique designs, this printer lets you effortlessly create stunning designs directly on foam or cream surfaces, adding a touch of creativity to every drink.

Key Features:

- **High-Resolution Edible Printing** – Print vivid, detailed images (up to 5760x1440 dpi) on coffee, milk foam, cakes, and more using FDA-certified food-grade ink.

- **Quick & Easy Operation** – With a user-friendly touchscreen interface, the printer delivers custom designs in just 20-30 seconds per cup—no special skills required.

- **Multi-Cup Efficiency** – Print on 4 cups simultaneously, making it perfect for high-volume customization in busy shops or events.

- **Versatile Compatibility** – Ideal for lattes, cappuccinos, bubble tea, desserts, and even beer foam, with adjustable print height (0–50mm) for various surfaces.

- **Safe & Hygienic** – Uses FDA-certified edible ink in black and color options, ensuring food safety and compliance. The easy-to-clean design promotes hygiene.

Whether for cafés, bakeries, weddings, or promotions, the 4-Cups Coffee Printer is an innovative way to impress your customers and enhance their experience. Take your brand to the next level by offering personalized, edible art straight from the printer.

Additional Features:

- Prints on 4 cups at once, ideal for high-demand settings.

- Allows color and coffee color switching for varied designs.

- Utilizes a CISS ink supply system to reduce printing errors and ensure smooth operation.

- Supports simple, intuitive software for easy operation.

- Automatic lift cup function for smooth printing without manual intervention.
