Golf Ball Printer Multifunction Printing Machine $1200-1900

Golf Ball Printer – Compact Precision Printing for Spherical Products

The Golf Ball Printer is a compact yet powerful UV printing solution, expertly crafted for direct, high-resolution printing on curved and spherical items such as golf balls, ping pong balls, and other small promotional objects. With its specialized rotary jig system and adjustable print bed, this printer ensures flawless, distortion-free results—even on the most challenging surfaces.

Engineered to support CMYK and white UV inks, it delivers vivid, full-color designs on both light and dark surfaces. Whether you're printing logos, personalized messages, or event graphics, each image is instantly cured using UV LED technology, resulting in smudge-proof, waterproof, and scratch-resistant prints that are ready for immediate use or distribution.

Despite its small footprint, the Golf Ball Printer is built for professional-grade output, making it an excellent choice for custom merchandise producers, sports marketing teams, gift shops, and promotional printing businesses. It combines industrial capabilities with user-friendly operation, enabling quick setup and efficient production even for users without a technical background.

Key Features:

- Rotary Printing Fixture:
  Specialized rotary jig enables accurate, distortion-free printing on spherical items like golf balls and similar objects.

- Full-Color & White Ink Printing:
  Supports vibrant CMYK + white ink printing for rich, eye-catching graphics on both light and dark surfaces.

- UV LED Instant Curing:
  Prints are cured instantly, making them waterproof, scratch-resistant, and ready for use without delay.

- Compact Industrial Design:
  Space-saving form factor with professional-grade construction—ideal for studios, shops, and on-demand production.

- User-Friendly Operation:
  Simple controls and quick setup mean you can start producing custom golf balls with minimal training or experience.

Applications:

- Customized golf balls for events, tournaments, and giveaways

- Branded merchandise for sports teams and corporate clients

- Promotional items and personalized gifts

- Ping pong balls, mini ornaments, and other small round products

---

Why Choose the Golf Ball Printer?

- Delivers sharp, vibrant, and durable prints on spherical surfaces

- Perfect for low-to-medium production volumes

- Supports a wide range of customization options

- Compact, reliable, and easy to integrate into any workflow

Whether you're catering to a niche market or expanding your custom printing capabilities, the Golf Ball Printer provides the precision and quality you need to make your products stand out.

Key Highlights:

- Designed for Golf Balls: Rotary fixture ensures stable rotation and perfect alignment

- Full-Color UV Printing: Supports color + white ink for rich, detailed designs

- Instant Drying: UV LED curing for scratch-resistant, durable prints

- Small Footprint: Compact body ideal for desktops or tight spaces

- Versatile Applications: Suitable for golf balls, ping pong balls, and similar items

- Low Ink Consumption: Efficient system designed for economical operation

Enhance your custom printing business with the Golf Ball Printer—precision-engineered for those who aim to make small products stand out in a big way.

1. Full automatic adjustment tray with with Vacuum Platform

2.Support printing 6-18pcs golf ball at same time(different size printer option)

3.13 Years experience factory, stable quality and best price

5.Suppot Varnish ink and White ink

6.CISS ink supply system with White ink Stirring System

Model Number:GF60V4/GF85V4

Ink Type:LED UV-Ink

Printer Head:EPSON L805 or advanced XP600 head

Ink Color:CMYK+WW or CMYK + White + Varnish

Print Size: 22*33CM

Print Thickness:Flat: 0-15CM / Cylinder:Diameter 2-11CM

Advantage:High Resolution,Precise Positioning,Full Automatic adjustment for print height

Print Technology :LED UV Lamp Cured,Smart Bidirectional Printing,Auto Nozzle checking,Auto Nozzles cleaning system,Smart size of ink droplet

Protection:Full Automatic for the tray height and adjustment,easy protection for the head

Height Adjustment:Full Automatic

Print Speed: About 178 seconds/A4 Size Photo Image(Photo grade)

Print Weight:0-10KG

Ink Assistant:Directly insert ink tube to ink bottle

Tray: Metal Tray with Vacuum Platform

Working Condition:Temperature:15℃-30℃,Humidity 40%-70%

Print Software: Acro RIP Software

Connection:USB2.0/1.1/3.0 Port

Power Require:110-240V,Around 60W

Image Format: TIFF(RGB&CMYK),BMP,PDF,EPS,JPEG,JPG Etc.

Computer Sys:Windows 7-11

Printer Weight:32kg(48KG with package) Printer Size:61*51*51CM

Package Size:68*58*56CM

Application: Suit for printing on golf ball,ping pong ball ,customize image on various of products

A4 Size UV Printer
