## **A4 UV DTF Printing Machine**

Specifications:: F85V4

**\$0.00**

Ex Tax:: \$0.00

---

## **A4 UV DTF Printer - Compact 2-in-1 Printing for Customization Without Limits**

The A4 UV DTF Printer combines UV Direct Printing and UV DTF Transfer Printing in a space-saving, high-performance machine designed for small studios, startup creators, and custom product businesses. This dual-mode printer delivers professional-quality results whether you're working with flat, rigid materials or transferring artwork onto curved and textured surfaces.

Use UV Direct Mode to print directly onto substrates like acrylic, wood, metal, glass, and plastic—with vivid CMYK + White + Varnish ink delivering rich, high-gloss finishes. For more complex surfaces, switch to UV DTF Mode: simply print your design onto A/B transfer film, then peel and apply it to irregular items like bottles, candles, packaging, or leather accessories.

With its intuitive interface, advanced ink configuration, and small desktop footprint, this A4 printer offers a practical and powerful solution for a wide range of personalized products.

---

### **Key Advantages:**

- **Dual-Mode Flexibility:**  
Seamlessly switch between UV Direct Printing and UV DTF Transfer for expanded material compatibility.
- **Professional-Quality Output in A4 Size:**  
Compact design with the power to deliver sharp, vibrant prints in limited workspaces.
- **Rich Ink System - CMYK + White + Varnish:**  
Produce glossy, embossed-style prints with excellent color depth—even on dark or transparent surfaces.
- **Versatile Material Compatibility:**  
Perfect for glass, wood, leather, plastic, ceramic, metal, and more—whether flat or curved.
- **Easy Workflow for Beginners & Experts:**  
Simple peel-and-stick process in DTF mode, auto height adjustment, and user-friendly operation.

---

### **Perfect For:**

- Custom phone cases and accessories
- Giftware like candles and keychains
- Personalized drinkware and bottles
- Boutique packaging and product labels

- 
- Creative branding on wood, metal, leather, and glass

---
